- 16 or under
- 14 or under
- 12 or under
- 10 or under
- 8 or under

Note: A player's classification will be determined by USA Hockey guidelines.

2. FALSIFICATION OF INFORMATION TO THE MAIHA - YD

False information on Registration, Transfer Requests, Player Pool Requests, or any other MAIHA - YD form regarding a player's age, date of birth or residence shall result in a suspension of the player from further play in any age level for the remainder of the hockey season, and for all future seasons, unless he is reinstated by action of the MAIHA - YD Board. This holds true whether such falsification has enabled a player to play in a younger age group or not. Any team for which he plays shall be penalized in accordance with the rule governing the use of an ineligible player.

3. PROOF OF AGE

The burden of proof of age shall be on the organization. If a player's age is challenged by a protest properly filed with the MAIHA - YD Registrar, the organization shall submit the player's birth certificate to the Registrar within 72 hours of the request. Failure to do so within the allotted time will automatically imply that the player has falsified his registration record.

Accordingly, the player (and his team) will be subject to the disciplinary actions outlined in Rule Part One Section A(2). If subsequent proof of age indicates that the registration was correct, the player's suspension will be lifted and the retroactive forfeiture of games rescinded. However, the player shall have been an ineligible player during the interim, unless an extension of time (for the purpose of obtaining a birth certificate) shall have been granted by the Registrar.

4. PLAYER'S AMATEUR STATUS

A player must maintain his amateur status as defined by Article Two of the Constitution of USA Hockey. Accordingly, the player may not receive a salary or other compensation for playing hockey. A player who violates his amateur status is an ineligible player, and his team is subject to the consequences thereof.

5. PARTICIPATION WHILE INELIGIBLE

A player who participates in any way with a team while he is ineligible is automatically under an indefinite suspension. As such, he remains as ineligible player until his suspension is reversed by the Commissioner of the MAIHA - YD Board. A team with which an ineligible player associates will forfeit all games in which he

participated.

Discovery of the violation may be made by anyone at any time during the course of the season. Such discovery, along with substantiating evidence shall be reported to the Rules and Disciplinary Committee, and the penalties shall be retroactive.

6. PLAYERS REQUIRED TO BE REGISTERED/ROSTERED

- A) All players are required to be electronically registered with their affiliate club registrar or if affiliate club does not register electronically have a properly executed Individual Membership Form (henceforth known as an "IMR") on file with the USA Associate Registrar.
- B) All players are required to have a properly executed "USA HOCKEY WAIVER AGREEMENT" on file with the affiliate (member) registrar prior to participating in any "on ice" event.
- C) All players must be rostered electronically (USA Hockey Form 1-T) and the first (Preliminary) version of the electronically produced roster must be filed with the Registrar prior to the MAIHA-YD league scheduling meeting.
- D) Additional players will be added by using the "Supplemental Roster" feature of the electronic registration software. Subtractions of players should be reflected on rosters by drawing a line through the player that is no longer participating. Final version, if any changes are made to the Preliminary, are due on Dec. 31st. If final version is not submitted, the preliminary roster will stand as the final.
- E) A player cannot be rostered or play simultaneously on more than one MAIHA – YD Tier I or Tier II organization team.
- F) **A female player may play simultaneously for a MAIHA - YD Organization team and an approved MAIHA – YD all female organization team.**
- G) A player may play simultaneously for a MAIHA - YD Organization team and his high school Mid-States, Mississippi Valley, other approved high school registered team with permission of MAIHA – YD Board of Directors or Junior team.

All "AA Pool Player" Forms shall be created and distributed by the Youth Division Registrar only. Only original forms created for use in that particular season will be accepted. Xerox copies of the form or forms created for use in a proceeding season will not be accepted. Once the club accepts the player under the conditions of the Pool Player Form that club must notify the YD registrar immediately so that the player may be removed from the pool.

- C) Failure to register before the aforementioned date will empower the home district to decide whether or not that player will receive an "AA Pool Player Form" regardless of whether the club is fielding an "AA" team or if that player is not selected to participate on his or her "AA" team within the appropriate division.
- D) If the returning player registers prior to the aforementioned date and the home districted club does not field a "AA" team again or if not selected to participate on their home districted "AA" team within the appropriate division, then that player may obtain a "AA Pool Player Form" and become a "Multi-Year Pool Player". - E) If a player tries out under this rule and does not make an "Out Of District" team, he must return to his home club. Siblings of an "Out Of District AA" player must remain at their home club unless they make an "Out Of District" team under this same rule and by this same procedure. Missouri Hockey Youth Division Rules & Policies

Updated 8/25/2011

- A) If anytime after the completion of the second period of play, a team attains a seven goal lead over an opposing team, the game will proceed from that point as a running time game. During the running clock, the clock shall stop on goals, injuries, assessment of penalties and during uneven-strength play.
- B) After the seven goal differential is reached, goals scored by the team with the lesser score shall be recorded on the scoreboard but, the seven goal differential shall be maintained on the scoreboard so long as it exists. (Note: All goals shall be recorded on the official MAIHA - YD score sheet.)
- C) If the goal differential returns to less than seven (7) goals, the game shall return to stop time.
- D) Any penalties incurred during the running time shall be served in the same time duration as in stop time.

Example: Team A leads Team B by a score of 7 to 0; Team A scores again making the score 8 to 0 on the score sheet, however; the scoreboard will still reflect a 7 to 0 score. If Team B then scores a goal, then the scoreboard will reflect an 8 to 1 score, thereby maintaining the seven goal differential. If the score carries into the third period, then running time will be instituted. However, if Team B scores another goal in the third period making the score 8 to 2 then the game will return to stop time because the score differential is less than 7.

Missouri Hockey Youth Division Rules & Policies

Updated 8/25/2011

- A one-minute intermission will be put on the clock and teams will remain on/near their bench.
- The teams will then play an additional stop time overtime period of not more than four (4) minutes, with the team scoring first declared the winner. The overtime period shall be played with each team at a numerical strength of four (4) skaters and one (1) goalkeeper. Penalties shall be assessed consistent with the rules in regulation time. See Overtime Notes below for further overtime penalty situations.
- If the score is tied at the end of overtime, a three (3) player shootout will take place. Players in the penalty box at the expiration of overtime play for any infraction other than two (2) minute penalties are ineligible for the shootout. The three (3) different players (in the order listed) will rotate going in on goal with the Visiting team shooting first. All three players will have an opportunity to shoot.
- At the conclusion of the three (3) player shootout round, if the score is still tied, players will continue in a sudden death shootout in which no player from a team may shoot again until all available players on the player's team have shot. The Visiting team shoots first. If any team scores a goal in the sudden death shootout round in which the opposing team fails to score a goal, play ends and the scoring team wins, (e.g., Shooter #4 or beyond for Visiting team does not score a goal and shooter #4 or beyond for Home team scores a goal. Play ends at that point, before any other shooters shoot, and Home team wins). When all players on one team have shot, that team starts over in the same order the team shot during the first round of the shootout, regardless of the number of shooters on the opposing team.

3. WALK-OFFS

4. PLAYER MOVES

A) Within an organization at the same age level:

- 1) During the first few weeks of League play, when it may be difficult for coaches to determine in which Division to place individual players, and how best to balance teams entered in the same Age level, team rosters will not be fixed. However, during this trial period, a free shuttle of players between teams might conceivably be used by an unscrupulous coach to produce an unfairly good early record for certain of his teams by the unrestricted use of his best players. Consequently:

Missouri Hockey Youth Division Rules & Policies

Updated 8/25/2011

- a) Through December 31, a player may be moved to a different team, but once a player has participated in a League game (with that team), the player will not be allowed to move to a team in a lower division without first having been rostered on the same team for three (3) consecutive league games.

7. UNFINISHED GAME

The results of a game which is not allowed to run to its regulation length due to the need to vacate the ice playing surface, shall be recorded as follows:

- A) The score of an unfinished game shall be recorded as it stands at the moment of its interruption, provided that at least two complete regulation length periods have been played.
- B) However, if less than one hour has been played, the game must be completed at a later date, if the then trailing team provides notice to the opposing team and the Commissioner within 48 hours of the unfinished game. If such be the case, it shall be the trailing team's responsibility to supply the ice time and officials, at the convenience of the leading team. The term "convenience" means at a time that does not conflict with a prior scheduled game, (League or otherwise). The leading team must accept the offer or make a counter-offer to supply the ice time and officials, at the convenience of the trailing team.
